

HALF DOME NATURALIST HIKE

2022 Permit Dates: October 5 and 10

If you're an avid hiker who's been dreaming of Yosemite's world-famous Half Dome hike, but haven't had time for all the permits and planning, then this trip is for you! We are thrilled to be able to invite you to join us on the ultimate Yosemite day hike to the top of the parks' most iconic formation: Half Dome. This hike's 17 rugged round-trip miles and 4,800 feet in elevation gain will challenge your strength and courage. The scenery from the top is unsurpassed, and the journey to the summit is a tale for the ages.

The hike begins in Yosemite Valley and winds up the Mist Trail, passing 900 feet of spectacular waterfalls, and continues upward through lush coniferous forest. The crux of the hike is ascending the legendary steel cables bolted to Half Dome's sheer granite face - not for the faint of heart. Yosemite Valley at your feet and sweeping panoramas of Sierra peaks are your generous reward. This will be an experience you will remember for the rest of your life.

Have your own permit but would like a guide? We can lead! Feeling like you need more than a day to conquer such a demanding hike? Split it up! Inquire about an Overnight Backpacking Hike to Half Dome.
