

WONDERS OF YOSEMITE HIKE & TOUR

Year Round*

This two-in-one Yosemite Valley and giant sequoia guided naturalist hike and tour is a memorable, fun day getting to know Yosemite from an insider's perspective. Let us do the driving while you enjoy dramatic waterfalls, a spectrum of colorful landscapes, stunning panoramic vistas and majestic giant sequoia trees.

The Yosemite Valley portion of this tour showcases the Valley's icons as well as its hidden secrets. You'll gain an understanding of how glaciers, rivers, rocks and erosion created this scenic wonder, and get some insight into John Muir's legacy.

The giant sequoia portion of our day includes a 3 mile round-trip walk (or snowshoe!) to a grove of these magnificent trees. Giant sequoias, among the largest living organisms on earth, are one of the reasons that Yosemite was declared a National Park. Once you stand next to one you'll fully appreciate the magnitude of their grandeur.
