

PEOPLE USING BUSINESS AS A FORCE FOR GOOD

Evergreen Lodge at Yosemite is a historic resort that was acquired in 2001 by Bay Area dads, Lee Zimmerman and Brian Anderluh, as a means to fund a self-sustaining Youth Program helping Bay Area youth become thriving adults. The Youth Program launched in 2005, and was instrumental in Evergreen becoming a founding B Corporation in 2007. Today Evergreen is proud to be one of thousands of B Corporations around the world, meeting the highest standards of verified social and environmental performance, transparency and accountability.
